Ages 6 - 8:
Chemistry Kids

Cost: $350

Explore the magical world of chemistry! Youth in this camp will have the opportunity to learn about this amazing field of science through fun, interactive experiments and reactions. Combined with plenty of games and outdoor activities, this is sure to be a radical week! This camp is co-ed.

Ages 9 - 11:
Ancient Explorers

Cost: $350

Youth will be immersed in the world of geology and anthropology. This camp will allow participants to take part in fun treasure hunt-like activities that teach them about the earth's crust, dinosaurs, and human history. Come join us to explore rocks, fossils, artifacts, and much more! This camp is co-ed.

Ages 12 - 14:
Coding Bootcamp

Cost: $350

Coding and computers are a crucial part of all fields in STEM, so now is the best time to start learning and sharpen your skills! This workshop is an introduction to some of the basic coding skills including sequencing, if/else statements, loops, etc. We will be using the scripting language Python in this workshop. This workshop is co-ed. ****This program is capped at 12 participants.****
