

WEEK 8 (AUGUST 11 - 15)

TENNIS WEEK!

Ages 6 - 8 & 9 - 11

Cost: \$350

Science of Tennis

Serve up some learning and fun at the Science of Tennis, where young athletes and curious minds explore the exciting science behind the game of tennis! These unique camps for ages 6-8, 9 - 11, and 12 - 14 combine the thrill of the sport with hands-on experiments and interactive lessons that reveal the physics powering every swing, spin, and serve. This camp is in partnership with Tennis Yukon, who will be providing lessons for a portion of each day of camp. These camps are co-ed.

Ages 12 - 14

Cost: \$350

Serve it up: Culinary & Tennis

Cooking and baking require incredible amounts of math and science. For this workshop, youth will learn to create their own unique dishes in the same kitchen that apprentices at the university use! This workshop will include lots of snacking and is in partnership with Tennis Yukon. Participants will be spending a portion of their day playing tennis. This workshop is co-ed.

****This program is capped at 12 participants.****
