Recommended Sequencing Plan

Shown below is a sample sequence of courses for your degree. If you follow this plan, you should be able to graduate in three years, provided you complete five courses per academic year (up to three semesters per year). The sequence below is one example of how you could complete your core and elective requirements; you may find that a different sequence works as well, though it's important to note that some courses are offered only in Fall or Winter while others are available in both or more (see the Usual Term column in the program plan on the previous page). You may complete the courses over six semesters, and you may take them in any order you like provided you have met any prerequisites.

PREPARATORY COURSES

To be eligible for admission to the Bachelor of Arts in Indigenous Governance, students must hold:

- Grade 12 graduation with English 12 and Math 10 (Foundations and Pre-calculus, or Workplace Mathematics 10); OR
- Acceptance into a related post-secondary program at a comparable level to the Bachelor of Arts (Indigenous Governance) degree; OR
- Five years of manager-level work experience with four to five pieces of sample writing for eligibility assessment.
